PUBLIC SCHOOL WEEK OBSERVANCE OPENS HERE MONDAY

California's 32nd annual Public Schools Week will be observed here Monday through Friday, April 23-27, with special programs and open house for parents and friends at the nine elementary schools and the Washington Union High School.

Parents are promised an interesting opportunity to become better acquainted with their schools by visiting regular classroom sessions any day during the week or attending the special open house sessions scheduled individually by each school.

EVENING SESSION

At the Washington Union High School, J. V. Goold, district superintendent, and Warren Gravestock, night school principal, have extended invitations to the public to attend an open house between the hours of 7 to 9 p.m. on Thursday, April 26. Displays and exhibits from both the day and night school will be shown the public.

Centerville Elementary School students have invited parents to see them "on the job" any time during the week, and to come to the open house on Thursday afternoon when they will be shown the exhibits and be provided an entertainment by the choral groups and folk dancing groups.

Gus Robertson, district superintendent at Irvington, has declared the entire week as open house and parents are invited to visit the classrooms any day.

P.T.A. TEA

Open house will be held at the Decoto Elementary School on Friday, April 27, beginning at 1 p.m. L. W. Musick, district superintendent, has announced that the parents will have an opportunity to visit the classrooms and view the exhibits, to be followed by a tea to be given by the P.T.A. in the auditorium at 2:30 p.m.

The open house festivities at Alviso School will be held on Thursday between the hours of 1:30 and 3 p.m. Following the tour of the classrooms and exhibits, the parents will be served refreshments by the eighth grade girls.

Parents of the students at the Warm Springs Elementary School are invited to attend an open house on Thursday beginning at 1 p.m. At the conclusion of the visits to the classrooms the parents will be entertained by a play to be presented by the pupils of the upper grades. Tea will be served by the Mothers' Club.

Open house at Mission San Jose Elementary School will be held on Wednesday between the hours of 2 to 4 p.m., to be concluded by a tea to be served by the Mothers' Club.

Niles Elementary School will hold open house all week and the P.T.A. will serve tea on Wednesday from 2 to 4 p.m., according to E. Dixon Bristow, district superintendent.

WORK BEGINS ON NEW W.U.H.S. ANNEX

Ground was broken yesterday at Washington Union High School marking the beginning of construction of the new business education building at the school.

The firm of Ralph Larson & Son of San Francisco will construct the new building at a cost of $86,233.

The new one-story stucco building will house the typing department, bookkeeping department and machines department. It is expected to be completed in time to be occupied at the opening of the 1951-52 school term in September.

DEPUTY SHERIFFS BREAK UP GAME COCK FIGHT HERE

A Decoto man, Thomas Vagas, 75, of 517 Railroad Avenue, will appear in Niles Justice Court today (Friday) at 1:30 p.m. to face charges of operating a game cock fight at his home.

Vagas, free on $100 bail, will face a formal charge of possessing and keeping game cocks with the intent that such game cocks be used and engaged in exhibitions of fighting.

He was arrested Sunday by Deputy Sheriff Donald E. Putnam. Putnam was checking on a nearby address when he spotted a group of 15 men in the back yard of the Vagas home.

Putnam said there was a mad scramble as men and roosters flew into the air and over the nearest fence and chicken pen. Deputy Bernard Buchanan aided in rounding up the spectators. Vagas was found clutching a game cock in his arms, according to the deputies.

Found at the scene were one dead bird, three which were badly mutilated, and five other lively game cocks were discovered in carrying cases in the yard. Ten other birds were taken from nearby pens.

The game cocks were placed in the care of the Society for the Prevention of Cruelty to Animals.

Most of the men whose names and addresses were taken, admitted they had been watching the fight, Putnam said.

BLOOD RESPONSE IS DISAPPOINTING

Local blood donors have contributed 582 pints of blood for the wounded in Korea since the first of the year, according to Mrs. W. L. McWhirter, Washington Township blood donor chairman.

"We appreciate the response of those who have donated," said Mrs. McWhirter, "but we feel that it is necessary to impress upon the public the fact that the high level of interest shown here when the blood mobile unit first came in January must be maintained. The boys in Korea still are fighting. They still need blood."

She expressed disappointment at the fewer numbers of donors appearing at the blood bank last Monday. A total of 37 donors, mostly those from industries who had pledged to appear, failed to show up. With the 27 who were turned down because of various physical ailments, a total of only 86 donors was left, out of the 150 who had originally signed up.

Mrs. McWhirter was encouraged by the fact, however, that many of those who had donated in January, returned last Monday to give blood for the second time.

The mobile unit will again be in the township on May 21. Those who wish to be donors may sign up with their town chairman between now and that date.

COLONEL BROUN ORDERED TO 30 DAYS ACTIVE DUTY

Colonel LeRoy Broun, Air Force Reserve, Centerville, has received orders for 30 days of active duty beginning May 5.

Col. Broun will head a party of officers who will inspect Air ROTC units at all the universities and state colleges in Oregon, Washington and Montana. The inspection party will travel by air to the six universities and colleges.

FACULTY AT HIGH SCHOOL GET $300 SALARY INCREASE

A flat wage boost of $300 per year was voted for all members of the faculty of Washington Union High School at last Friday's meeting of the school's Board of Trustees. At the same time the trustees also voted a $120 per year boost for the non-certificated personnel of the school.

The new wage scale, which becomes effective on July 1, carries a minimum salary of $3,100 for teachers with an AB Degree or equivalent, with no teaching experience, and a top pay of $4,720 for teachers with a Masters' Degree, A.B. Degree and six years of university study, and 12 years of teaching experience.

NO TAX INCREASE

The new wage increase boosts the average salary of the 33 instructors to $4,200 per year, according to J. V. Goold, district superintendent.

Prior to the wage increase, Washington High School stood eighth among 14 East Bay high schools in the amount of wages paid its teachers.

Goold said this week that the boost would amount to an increased expenditure of $10,200 per year but revealed that the amount could be met from the current tax rate of 75 cents on each $100 of assessed valuation.

The wage scale of the non-certificated employees of the school ranges from $2,440 to $3,320, Goold said.

WAGE READJUSTMENT

He pointed out that the increase is not a cost of living boost but is a readjustment of the salary schedule set up in 1948-49. That schedule called for an increase of $120 per year for the teachers.

The salary committee was composed of A. K. Logan and S. G. Scott, representing the trustees, and Clyde Voorhees, Warren Gravestock, Audrey Carmody, Gary Rehrig and Mrs. L. E. Hyde, representing the faculty. The non-certificated personnel were not represented.

DECOTO SOLDIER SETS NEW RECORD

A Decoto Navy veteran, now serving in the Army, has scored the highest grade ever attained in the proficiency tests since the inauguration of the Division Faculty teaching system at Fort Ord.

He is Joaquin W. Gomes, 6th Quartermasters Food Service School, who recently completed basic training with Company I, 63rd Infantry Regiment.

Gomes, a private, scored 99 out of a possible 100 points. According to figures computed by Army officers, there is one chance in 20,000 of equaling the score.

The Proficiency Tests cover all the subjects taught in a basic training cycle, including rifle qualifications, physical fitness, weapons, general subjects and tactics.

During World War II, Gomes, who was assigned to a Navy LST, participated in six major invasions in the Philippine Theater.

Gomes' family, a wife and two children, reside with her sister, Mrs. Earl Mederos, on G Street in Decoto. Mrs. Gomes is the former Marie Milina.

CENTERVILLE SITE OPTION FOR SCHOOL

The Board of Trustees of the Centerville Elementary School has taken an option on a ten-acre site for the district's second school plant.

Allan Walton, member of the board, said yesterday that the site is located on the south side of Thornton Avenue, less than a mile from Main Street. The land is owned by Mr. and Mrs. August Davilla of 324 Central Avenue.

Voters of the school district recently approved the construction of the second school by endorsing a proposal to bond the district for $75,000 and accept a state grant of $295,000.

The new building, the plans of which have been completed by the firm of Clark and Stromquist, Palo Alto architects, will contain eight classrooms and a cafetorium.

HERE'S A NUMBER YOU SHOULD KNOW

Niles residents who think they know what to do in case of fire are probably very much mistaken.

"Practically everyone in Niles who wants to phone the fire department to report a fire gets the wrong phone number," said Fire Chief Joe Perry this week.

What is the RIGHT phone number?

That, apparently, is the sixty-four dollar question that not one out of five Niles residents can answer correctly.

This, according to the Fire Chief, is usually what happens: The distraught resident whose house is on fire dials the operator; the operator, in turn, for some reason unknown by the Fire Chief, calls the Central County Fire Station in Livermore, which, in turn, calls the sheriff's office, which, also in turn, finally gets the Niles Fire Department!

"By this time," says Perry, "the house may have burned to the ground."

He hopes, therefore, that Niles residents will put the following phone number in a conspicuous place, because it is the number to dial to report a fire: 4498. He makes a further suggestion: memorize this number, 4498, so you can save time in the event of a fire.

WARM SPRINGS ASKS FOR WATER, SANITARY DISTRICTS

The sponsorship of proposals to form a water district and sanitary district for their community has been undertaken by the Warm Springs Chamber of Commerce.

Joe Bettencourt reported at last Thursday's meeting of the Chamber that the petitions which have been circulated throughout the area requesting the formation of a sanitary district have met with the approval of all residents contacted thus far.

It was announced that the next procedure will be to obtain the approximate cost of the proposed project. If 75 per cent of the residents express willingness to form the district, at the estimated cost, the district will seek to annex to the Irvington Sanitary District.

The second project for the Chamber is for the formation of a water district. Residents of the area expressed hope that they could thus become eligible to tap into the new Hetch-Hetchy pipe line which passes through the community.

Petitions were prepared this week by Mrs. Evelyn Rose, secretary, and are now being circulated for signatures.

Warm Springs is the only community in Washington Township that is not served by some sanitary district or water company.

Bettencourt has told the Chamber that a realty company desires to construct several hundred homes in the community if and when water and sewer facilities can be provided.

The group voted an endorsement of the Washington Township Chamber of Commerce's plan to zone the entire township.

A letter was ordered sent to the State Division of Highways requesting that a traffic control light be installed at the highway junction north of town.

STEVENSON TRACT EXPANSION SET

Expansion of the Stevenson Tract of homes at Irvington is expected to get under way within the next few weeks.

Max Stevenson of Centerville, former owner of the tract site, announced this week that he had sold the remaining 21 lots to the Oliver Rosseau Construction Company of San Francisco.

Stevenson said that the company plans to begin the construction of homes on the 21 lots immediately, and has taken an option on the adjacent land for further anticipated expansion.

The company now has a large subdivision of homes under construction across the highway from the Hayward Airport.

DOUBLE FUNERAL FOR VICTIMS OF HIGHWAY CRASHES

A double funeral service was held yesterday for two Decoto brothers-in-law who died from injuries suffered in two recent highway crashes.

The victims were Edward A. Chavez, 30, 401 Fifth Street, and Sam George Trujillo, 29, of 312 Seventh Street.

Chavez died in an Oakland hospital on Saturday from injuries suffered in a crash in Newark on March 14.

Trujillo succumbed in a Livermore hospital on Monday from injuries suffered in a highway accident near Livermore on Saturday evening.

Both men were natives of Colorado and veterans of World War II.

Services were held from the parlors of the Berge Mortuary Company in Niles at 9 a.m., followed by a high requiem mass at Holy Rosary Church, Decoto, at 9:30. Interment was at Golden Gate National Cemetery, San Bruno.

Chavez is survived by a wife, Marie, and four small children, Cecelia, Rita Anne, Anthony and Edward, and his mother and seven brothers and sisters in Colorado.

Trujillo was the husband of Lugarda Trujillo; father of George LeRoy, Sam Gilbert and Danny Trujillo; son of Mr. and Mrs. Alcardio Trujillo of Colorado; brother of Mrs. Esther Espinoza, Colorado, Mrs. Mae Luiz, Oakland, Mrs. Janice Labola of Alameda, Mrs. Dora Atencio of Oakland, and Inez, William, Joseph, Abel and Fidel Trujillo, all of Colorado.

MOBILE X-RAY UNIT WILL BE HERE SOON

Once again Washington Township residents will be able to avail themselves of the opportunity of free chest x-rays to determine whether or not they are victims of tuberculosis.

The mobile x-ray unit of the Alameda County Tuberculosis and Health Association will be in the township for three weeks, from May 22 to June 16. With the exception of Sundays and Mondays, the unit will be in operation every day this period.

In the past, the mobile unit has been successful in bringing to light victims of the disease who had not suspected that they had it. For this reason, those in charge are urging local residents to take advantage of this free offer.

According to the Association representative, the emphasis for the need of preliminary diagnosis of tuberculosis in the township was first brought to the attention of the Association by personnel of Washington Union High School, who had made a study of the situation through the health education department of the school.

Schedules for the appearance of the mobile x-ray unit in different towns will be printed in forthcoming issues of The Register.

RED CROSS DRIVE FAR SHORT OF GOAL

The annual Red Cross fund-raising campaign will draw to a close in Washington Township next week, and unless a last minute flurry of contributions takes place, the drive will end far below its goal.

LeRoy Broun, Centerville, township chairman, said yesterday that only $4,000 of the township's goal of $6,945 has been received thus far.

He paid particular praise to the Alviso district, which raised more than $400, more than had been raised there in any peace-time year.

"Our goal was greatly increased this year because of the fighting in Korea," Broun said. "Additional funds are needed to operate the blood program, ship-side service, hospital services and other war-time services performed by the Red Cross."

Broun asked that persons who have not been contacted by the volunteer solicitors, mail their checks to the American Red Cross, Centerville.

SWAIN LOSES BOUT TO NILES WAITRESS

In the Spring a young man's fancy is expected to turn to something or other. However, in the case of George Franks, 21-year-old railroad worker, it turned to violence in the Peerless Grill in Niles early Monday morning.

Franks, apparently glowing from more than just a case of spring fever, attempted to steal a kiss from an attractive waitress, Mrs. Bonnie Knox. Upon learning that his amorous advances were not appreciated by the waitress, Franks set about proving his manly abilities in other fashions.

His ego was restored somewhat by his dexterity in smashing coffee cups, drinking glasses and wall mirrors.

Following his brief reign of terror, Franks and a buddy made a hasty exit.

William Knox, night watchman and husband of the waitress, came along the street just in time to see the two men run out of the cafe. Sensing that something was amiss, Knox gave chase.

He caught the fugitives near the Southern Pacific depot and returned them to the cafe, where he discovered the reason for their flight.

Franks appeared before Judge E. A. Quaresma in Niles Justice Court on Tuesday and entered a plea of guilty to battery and disturbing the peace.

Spring will be over when he finishes his 90-day term in the county jail.

FULL DAY OF FUN SCHEDULED FOR F.F.A. ROUND-UP

The annual Future Farmers Round-up, one of the biggest events of the year for Washington Township, will be held at Memorial Stadium at Washington High on Saturday, April 28.

The Round-up is always anticipated by the young set and adults alike as being a thrill-packed show featuring exciting racing events as well as an exhibition of some of the best livestock in the area.

The Round-up will get off to an official start at 9 o'clock in the morning when judging of livestock and poultry takes place.

GRAND PARADE

The grand parade will start at one o'clock in the afternoon, and will be followed by a whole afternoon of feature events, climaxed in the evening with a carnival and dance.

Vince Wallace is general chairman of the Round-up, and Al Carter, agricultural teacher, is the general supervisor. They, and their committees, are working hard in order to give to the people of Washington Township the kind of show they have come to expect from the Future Farmers.

The pleasure horse contest, the obstacle race, the stock horse contest, and the 100-yard dash, are among the acts that will undoubtedly win the acclaim of the afternoon audience; while the carnival (in the tennis courts), and the dance (in the gym) will provide entertainment for the night participants and spectators.

SHOW HORSES

Mrs. Anderson of Pleasanton will again have her show horses in the parade. This is an added attraction that is greeted with enthusiasm by horse lovers, for in her stables are some of the finest horses in Northern California.

Those in charge of the different attractions are: horses, Norman Goossen; poultry and rabbits, Don Emory; dairy and sheep, Dennis Louis; beef and swine, Albert Fries; special events, Marcus Galvan; queen and parade, Larry Lamoreux; program book, Kiyoshi Katsumoto; refreshments, Jim Coelho; dance, Ernest Kinzli, Elmer Andrade and Marian Hermoso; publicity, LeRoy Brown.

Trick-roping by Marcus Galvan, the whip-act by Joe Gabrielle, and trick riding by the Hickox children of Warm Springs are supplementary acts that will, along with the remainder of the events, all go to guarantee a full afternoon and evening of entertainment for those fortunate enough to attend the Round-up.

NO IMMEDIATE AID SEEN FOR NEWARK DRAINAGE PROBLEM

Newark can expect no immediate assistance from the recently formed Alameda County Flood Control and Water Conservation District in the solution of the problems of adequate storm water drainage.

Thus did Wallace Boggs, county surveyor and chief engineer of the district, answer the questions of the members of the Chamber of Commerce at their meeting Tuesday evening.

Boggs and Herbert G. Crowle, assistant engineer for the district, stated that they have begun their work in the northern end of the unincorporated area of the county and will work in a southerly direction.

Both admitted knowledge of the fact that more than one prospective housing tract had been lost in the Newark area because of inadequate drainage of the sites.

LOCAL DISTRICT POSSIBLE

The Chamber members asked if it might be possible to set up their own drainage district with a possible goal of a township-wide district and were told that such an arrangement would be entirely possible and might prove the quickest solution to the problem.

The present county-wide district was established in 1949 by an act of the State Legislature to deal with the problems of storm drainage, flood control and water conservation.

Money to run the district comes from a county-wide tax which, by law, cannot exceed one cent for every hundred dollars of assessed valuation. The present rate (1950-51) is 7.2 mills, or about three-quarters of a cent per hundred dollars.

Money to provide for the construction of projects can come from several sources. One method is to set up a special zone of the area to be benefitted. After proper hearing, the Supervisors can then hold a bond election which, if passed by a two-thirds vote, would furnish money for the necessary improvements. The bonds and the interest would be paid for by annual taxes or assessments on all the property within the zone.

FEDERAL AID

Another source is from the Federal flood-control program. More than a year ago, Congress authorized the Army Engineers to make a preliminary examination of Alameda Creek. This is being made to determine if a detailed survey is warranted.

If the detailed survey is made and the work deemed necessary the Federal Government would bear the cost of construction, but requires that lands, easements and rights of way be furnished without cost to the United States.

BANKS OFFER AID IN LOCAL CANCER DRIVE

Jack Parry, township chairman of the current Cancer Campaign, announced this week that all of the banks in the township have agreed to accept campaign contributions.

He urged all local residents to contribute to this worthy cause.

EAGLES RE-ELECT RAYMOND CUNHA

Raymond W. Cunha has been reelected president of the Alvarado Aerie of Eagles and will be installed, along with the members of his staff of officers, at ceremonies to be held on June 4.

Other officers elected were: Edward Silva, vice-president; Ernest Quadros, conductor; John Menezes, secretary; C. W. Baird, treasurer; Frank Senn, chaplain; Earl Clark and William Rauch, guards; Dr. W. L. McWhirter, physician, and William E. Silva, John A. Ratekin and Joe Lewis, trustees.

Delegates named to attend the state convention at Santa Barbara in June were Cunha, Arthur Soito and William Silva. Alternates are John Ratekin, Frank Senn and William Rauch.

SERVICES FRIDAY FOR ANTONE POINTS

Antone Points, long-time Niles resident and former employee of the California Pottery Company, died Sunday in a Warm Springs rest home. He had no living relatives.

Funeral services will be held today (Friday) at 2:30 p.m. at the parlors of the Berge Mortuary Company in Niles. Interment will be at a Hayward cemetery.

NEW STORE OPENS IN CENTERVILLE

The formal opening of a new business house in Centerville, the Gamble Western Auto Store, will be held today (Friday) and Saturday.

The new store, located at 152 South Main Street in the building formerly occupied by the Safeway Store, is operated by Mr. and Mrs. George A. Kolberg, who recently moved here from Merced.

The new store will carry a full line of auto parts and accessories, home appliances and housewares, sporting goods, tools, paints, garden supplies and hardware.

Mr. Kolberg said yesterday that the store would be open daily Monday through Saturday from 8 a.m. until 6 p.m.

LOCAL GROWERS GET DIVIDENDS

Progress payments exceeding $1,750,000 are being distributed to grower-members of the California Prune and Apricot Growers Association on their 1950 crop prunes, dried apricots, dried peaches and dried pears, it has been announced by E. J. Mather, local representative of the Berryessa Prune and Apricot Association.

With these payments, Association growers will have received more than $12,500,000 for their 1950 dried fruit deliveries.

Director Mather called attention to consumer survey reports showing that consumer purchases of dried prunes in recent months have been in larger volume than a year ago, and that recently there has been some improvement in the demand for cut fruits.

INSPIRING AFFAIR

The "Day of Recollection" at the Holy Family Convent last Saturday was a lovely and inspiring affair to the many young ladies who attended. In spite of the very chilly weather that rather spoiled the outdoor ceremonies, everyone left the quietness of the beautiful grounds feeling they had gained something to carry away with them. The Holy Family Sisters are wonderful leaders and hostesses.

SHORT 'HELLO'

Remember Bob Baker? Well he came back into the Mission for a short "hello" to the gals at the post office on Tuesday. He has been in many places since his days at the Dominican Convent.

DON'T FORGET!

Don't forget that Carnival and good time the boys and girls of the Student Body of the Mission School are putting on for your entertainment and their benefit at the school on April 28 at 7:30 p.m. There will be many booths, a movie. games, and all the other things that help make the affair a success. The public is invited.

NEW MOTEL

Belle's Motel at Ben's Chicken Shack is now open for tourists. There are only a few cabins completed but others are under way. They are very neat and homey for the wayfarers to spend a comfortable night. They are owned and operated by Belle and Ben Tommerdahl at the south end of town.

RECUPERATING

We are glad to hear that Margaret Chadbourne, who underwent surgery last week at the Alameda Hospital, is back home and feeling very much better. She will have a few weeks to recuperate in before returning to her duties at the Central Bank in Niles.

AN INVITATION

Your correspondent has been asked by one of the committee to place this little invitation to all the folks in and around our township to come on down to Milpitas on Saturday evening, April 21, at Parish Hall, and enjoy the music of Frank Gygax of Newark. It is the second annual dance given by the Bachelor Belles and all are asked to come in "calico and blue jeans."

TO COLFAX

Pete and Elva Brayovich and daughter, Midge, motored to the home of Mr. and Mrs. Arthur Steele and son, Dougie, in Colfax for the week-end and to make their last trip to the snow.

MEMBERSHIP DRIVE ON

The membership drive for the newly formed Chamber of Commerce is well under way and a survey is being made by Herman Medeiros and committee on lighting, road signs and cross walks so a report can be made at the next meeting on Monday, May 14, at which time it is hoped that the program chairman, Nathan Click, can procure an interesting speaker. So, be ready, folks, to attend and hear the problems of your community.

BIG DAY AHEAD FOR NILES CUBS

Friday, April 27, will be a big day for the Niles Cub Scouts. On that day, at the school yards, the Cubs will compete with each other for top prizes in kites and model airplanes.

There will be prizes for the smallest, highest flying, the best, and the largest kite. There is one important matter that the Cubs are requested to remember in this contest however: the kites must fly!

In the model plane competition, prizes will be awarded for the best-looking, the largest, and the smallest plane.

After the kite and plane contest, the boys will go to the home of Mrs. Jed Oxborrow for a weiner roast and games. Each Cub is asked to invite his parents.

Mrs. Christine Smith, publicity chairman for the Cubs, is emphasizing the need for more Den mothers. She hopes that the kite and plane contest will arouse enough enthusiasm to bring to the attention of parents the really urgent need for more volunteers in Cub work.

FOURTH GRADE

Our class is working hard to learn the parts for our play called "Bill Visits Mexico." We are learning songs and a dance for it also. We hope to be ready to put it on next week when we have open house for our parents and friends.

THIRD GRADE

The third grade students held a meeting and discussed the question whether they would have a boy or girl as baseball umpire. The boys won out, so they had an election at which Mikie was chosen. Two teams were formed, the Black Heads and the Wild Cats. They will play against each other this week.

BOYS' CLUB

Our A team played Niles there on Thursday, April 12. The score was 11 to 10 in favor of Alvarado. Alvarado played Bret Harte the next day at Hayward, with the final score 8 to 3 in favor of Bret Harte.

W.P. MAKES CHANGE IN TRAIN SCHEDULES

Western Pacific Railroad announced this week that effective with the inauguration of Daylight Savings Time in California and Nevada on April 29, operation of its trains will remain on Pacific Standard Time. The freight houses, ticket offices, and other offices and departments dealing with the public will conform with daylight saving time.

Some minor changes have been made in the arrival and departure times of the visa-dome streamliner "California Zephyr" at intermediate points between San Francisco and Salt Lake City, effective April 29.

The California Zephyr now due to leave Niles at 10:26 a.m. eastbound will leave instead, effective April 29, at 10:06 a.m. The westbound California Zephyr now due to arrive at Niles at 3:06 p.m. will instead arrive effective April 29 at 3:18 p.m. standard time.

At the LIBRARY

By EVANGELINE KOEHL

W. Somerset Maugham, "Trio." Three more of Maugham's excellent short stories, which have been superbly filmed by J. Arthur Rank.

Beth Bailey McLean, "Modern Homemaker's Cookbook." Whether you are nineteen or ninety, full time homemaker or career gal, you'll love this complete guide to simplified cooking. Step by step guides, wonderful shortcuts and helpful hints on thrifty buying and storing.

Lavinia R. Davis, "Reference to Death." Murder in the village library. A good, new who dunnit.

Rufus King, "Duenna to a Murder." A well plotted, suspenseful mystery with a startling denouement.

Tex Burns, "Hopalong Cassidy and the Rustlers of West Fork." A good new adventure in the western manner.

Elizabeth Seifert, "The Story of Andrea Fields." Can a doctor be a woman? A woman can be a doctor, of course, but whether she must give up her feminine prerogatives in order to practice medicine is a more difficult and entirely individual question. Andrea Field's troubled search for the answer is the theme of this novel.

Gen. Mark W. Clark, "Calculated Risk." General Clark's personal account of his command of the fighting in North Africa and Italy is probably the frankest and most controversial book of the war. Dealing with crucial events of the war and immediate postwar period, it has the breathless quality of a great story of adventure. It is one of the half dozen essential books of the war.

The world's tallest known tree, a redwood 364 feet high, is in Humboldt County.

Pretty Hertha Gauck, U. C. student, is one of the "Outdoor Living" theme girls for the coming 1951 California Spring Garden Show, which opens its eight-day run on Friday, April 27, at Oakland Exposition Building, Oakland. Thousands of spring blooms and ultra-modern designs for open-air living will be show attractions.

GARDEN SHOW IN OAKLAND WILL OPEN ON APRIL 27

A roaring 32-foot waterfall, patterned after Triple Falls, one of California's famed natural attractions, will be among scenic features of the coming 19th annual California Spring Garden Show April 27 to May 4 in the Oakland Exposition Building, Oakland.

The great double-channeled fall will be a replica of the waterfall formed at the headwaters of King's River, where two branches of Cartridge Creek meet to plunge over rocky gorges into King's River Canyon.

Construction of the waterfall and cliffs began this week in the Exposition Building, to be followed by erection of giant redwoods, moss-covered banks and a forest of firs and redwoods.

Some 300 firs and redwoods, ranging from four to 20 feet in height, have been selected for Garden Show display in the Russian River area near Sebastopol and Jenner-By-the-Sea, and next week will be felled and transported to the show arena.

"Outdoor Living" is the 1951 Show theme, with exhibitors in both indoor and outdoor display areas entering designs for house or garden structures in combination with living terraces, play yards, barbecues, patios and pools.

A highlight of the outdoor gardens will be a children's backyard play area entered by the Oakland Park Department, and modeled with a circus theme. A circus wagon housing an African porcupine, and other unusual small animals will be an added attraction.

OPERA COMPANY TO APPEAR IN SAN JOSE

The Pacific Opera Company of San Francisco will take its production of "Rigoletto" to the auditorium, San Jose, on Friday evening, May 4. The opera will be sung in Italian and Arturo Casiglia will conduct.

The Sixteenth Annual San Jose Concert Series has announced its list of artists as including Tagliavini, "greatest Italian tenor since Caruso and Gigli"; the Robert Shaw Chorale, a great choral group led by the "world's greatest choral conductor"; the Ballet Russe de Monte Carlo; Brailowsky, the great pianist; the Shan-Kar Hindu Ballet; the Original First Piano Quartet; Heifetz, immortal violinist.

Reservations on season tickets for next year at a saving of one-third are now being made at the Denny-Watrous box office, San Jose auditorium.

SQUID BECOMING VALUABLE CATCH FOR FISHERMEN

California's lowly poor cousin to the octupus—the common squid—has become such a valuable commercial fishing industry that it is now the subject of a thorough study by the Division of Fish and Game.

Since 1863, when Chinese fishermen rowed skiffs about Monterey Bay with a blazing torch at the bow to attract night-time schools of squid, the opalescent mollusk has come into its own as a source of food and fish bait. The search for Loligo Opalescens has become so intense that the Bureau of Marine Fisheries has set up a fellowship study to learn more about the habits of this strange creature.

In a recent issue of the Division's quarterly magazine, "California Fish and Game," Biologist W. Gordon Fields of Stanford University's Hopkins Marine Station presents a preliminary report on the increasingly valuable squid fishery.

New methods of preserving the catch are being developed as new markets become available. For many years this industry remained of minor importance but since 1942 it has become one of the major fisheries of the Monterey Bay area.

Although squid is found from Puget Sound to Lower California, 99 per cent is caught along the California coast and within a few miles of Monterey.

Fields remarks that the 19,000 tons of squid landed at Monterey in 1946 exceeded even the value of the sardine catch in the same region. Recently, demand for the frozen product has increased so that it alone takes up the entire catch.

There is a large investment in canneries, fishing boats, and equipment in the Monterey Bay area and a considerable population which depends upon the fishing industry for its livelihood. With men and equipment idle half the year and no assurances of adequate returns during the formerly lucrative sardine season, there is a tremendous pressure at present to develop other oceanic crops.

Of these, the squid is potentially one of the most valuable because it appears in huge numbers and because it may be captured and preserved by present methods and with existing equipment.

If the domestic market were to react more favorably to squid as an item on the Friday menu, or if economic conditions should permit export to foreign markets, a greater portion of the capacity of the sardine fishing industry might be turned against the squid. Therefore, Fields believes, protective measures might be needed to maintain the species adequately and yet allow the highest possible annual catch.

To attain these objectives, any regulations adopted would need to be based on full understanding of the biology of the squid. The present study was undertaken to obtain some of this information.

Thinking Things Over . . .

By VIVIAN BATMAN

Here I am, back on the paper again after several weeks' absence. I left because newspaper life—after seven years of it—began to be dull. Same old thing every week—writing a column, getting the social news, having people call me up, having people call me down—. It was pretty monotonous. Oh, to be in something really exciting, I thought!

Finally I got into something exciting, so exciting, in fact, that I decided that I'd better get back on the newspaper. At least on a newspaper you know what you have to meet every week, viz—the Thursday deadline. In other lines of work, I discovered, you're apt to meet situations—and people—that can be deadlier than the deadline. Adventure? Yes. Excitement? Yes. Too much of it. Here's how it happened—

I answered a help-wanted ad in a city paper. An "executive type of woman" was needed for a social registry. Let me explain that a social registry is another name for a "lonely hearts," or social, club. These "registrys," incidentally, are big business now.

I'm not an executive type, I thought, but what's the harm in trying. All my life I've been a match-maker at heart. Imagine getting paid for performing this very pleasant—and certainly exciting—kind of work!

So I went up to the registry's office to be interviewed by an extremely charming and obviously cultured woman. There was a large crowd of women in the waiting room, but for some reason she singled me out, handed me a blank, and graciously instructed me to fill it out. When I handed it back to her, she instructed me to come back in two days. I walked out of her swank office on a cloud, feeling like an angel of mercy. If I get this job, I thought rapturously, I'll be able to take care of all of the lonely hearts in the city, and even (you can see how I was being carried away) eventually, perhaps, of the poor lonely souls in the rural areas too, including Washington Township.

Three elevators whizzed by me while I stood in a trance, planning how I would match up the potential soul mates. I will never, I admonished mystelf sternly, arrange a date for a librarian, say, with a man whose finger-nails are dirty or who says "ain't." I would be very careful about these things, I decided. I would date school teachers with professional men, hod-carriers with scrub women. Or, I wondered, do hodcarriers and scrub women HAVE lonely hearts? And, I ruminated, what IS hod anyway? I must learn more about life—and various occupations, I decided.

So I floated into the elevator, imbued with the spirit of the crusader. I was Florence Nightingale; I was Clara Barton. I would make everybody happy. I would devote every waking hour to it. No more newspapers. No more writing columns. I would spend the rest of my life bringing lonely people together so they could be happily married. It would be a service to humanity.

I could hardly wait until the next interview.

When I arrived at her office two days later, she greeted me effusively. "I've been thinking so much of you," she purred. "You're just the one I've been looking for." She clasped both of her hands over mine, almost as though she were afraid I was going to get away. So my spirits naturally zoomed. I'm in solid, I thought. The job's going to be mine. I was delirious with joy.

"I've been waiting for six months for someone like you," she went on. "Bob is just about giving up in despair. The last one he had out had thick ankles, although he did admit she was intelligent."

"Who is Bob?" I asked, bewildered. "And what has thick ankles got to do with it?"

"Oh, you'll just love Bob," she babbled on. "He's a Stanford graduate, has a wonderful business, tall, and very good-looking. Divorced, with one child. I've had trouble finding the right one for Bob,' she went on, while I stared, open-mouthed at her, "but the minute I saw you I knew you were the one. He'll be simply crazy about you." She beamed at me.

"I'm not looking for a man!" I gasped.

"You filled out an application blank," she accused coldly.

"But I thought that was for the job," I gasped again.

"The job?" she said haughtily. "Oh, my dear, I'm sorry. But the job has already been filled. You are not—well—er—exactly the executive type."

Then she remembered Bob again. Her tone became warmer. She was purring once more. "But you'd simply love Bob—so intelligent, so handsome—and a perfectly beautiful home, my dear."

I started backing out towards the door. I got a panicky feeling. I had a strange sensation that she might produce Bob out of one of those enormous desks at any moment. Then what would I do? The first thing you know I'd find myself a bigamist! And all because I had a sincere desire to help the lonely hearts.

I must get out of here, I thought wildly, and turned and fled down the hall without a backward glance. I almost leaped into the elevator shaft, without waiting for the elevator. Fortunately it arrived in time to save my life.

So now I am back on the newspaper. It's tame. But it's safe!

ACCIDENT VICTIM LAID TO REST

Funeral services were held Saturday for little Mark Anthony Santos of Newark.

The youngster was instantly killed last Thursday after being run over by a delivery truck while playing in the street on his tricycle.

The Mass of the Angels was said at St. Edward's Church, Newark, followed by interment at Holy Sepulchre Cemetery, Hayward, under the direction of the Chapel of the Palms, Centerville.

BOY SCOUT ACTIVITIES

Applications for positions on the staff at Camp Dimond-O or Rancho Los Mochos for this summer should be submitted before April 30, the camp committee announced this week. The staff selection committee will meet at the Oakland Council Office, 22nd and Foothill in Oakland, that evening to interview applicants. All applicants are asked to plan to be present some time between 7 and 9 p.m., April 30, Director of Camping Don MacDougal announced.

Plans are under way for the Spring Acorn Course of the Southern District, Troop Leader Training Chairman Don Russell announced this week. The week-end experience, patterned after Baden Powell's Woodbadge course, is a highlight of the spring training program. It is scheduled for April 28-29 at Rancho Los Mochos and is open to all of the men of Scouting, including Cub Scout leaders interested in learning about the spirit and techniques of Boy Scouting. Registration is required and should be sent directly to Russell at Castro Valley Elementary School. Participants will earn credit for patrol and troop camping in the Scout Leaders Training program and the distinctive Southern District Acorn neckerchief.

Registration deadline has been set for April 24. Leaders are urged to bring their committee members. Participants who have not previously attended the indoor training session on Patrol and troop camping must attend the session Thursday evening, April 26, at the Scout Adobe behind the Castro Valley Elementary School, Russell announced.

SEEDED TOMATOES NEED EARLY CARE

Tomato growers who make field seedings can do much to insure strong plants by giving early attention to irrigation and to insect pests. Farm Advisor Lee Benson of the University of California Agricultural Extension Service, points out that the better than normal demand for tomatoes this year makes care with young plants of increased importance.

Irrigation of the field seedings is usually important for emergence of the plants. If the plants emerge without this, an irrigation when the plants are from two to four inches in height is usually helpful.

The very young plants frequently are attacked by two insects, the darkling ground beetle and the flea beetle, both of which can cause much damage. A light dusting with DDT or cryolite will protect the plants from such pests.

If tomatoes are to be transplanted, dusting lime around the plants after they have been moved will help control the darkling ground beetle.

Principal industries of Tuolumne County are lumber, lime, cattle and turkey raising.

The oldest foundry in continuous use in California is at Altaville in Calaveras County.

trimmed before weighing Leg of Lamb

THERE'S more good-eating meat for your money in leg of lamb from Safeway. Our trim-before-weighing method means you don't pay for waste parts like the long shank bone and excess fat (see diagram at left). All meats at Safeway are properly prepared so that you get only the portion that rightly belongs on each cut— Compare the trim... then you'll see why you get full value every time. Lb. 89¢

Sparks from the Steel Mill

JOINS THE RANKS

An old tradition is, when a maintenance man becomes a grandfather, he automatically loses his prized possession, an old work cap that has just the right amount of grease on it. E. Ferrell and "Rosie" Rose caught Delbert Gregory off guard and burned his cap. Del should watch for this one as he was one of the originators of this practice in the plant.

WELCOME BACK

Lou Vandenberg of maintenance is back on the job after being off four weeks with a head injury.

UNDER DOCTOR'S CARE

"Shorty" Stidman is still under the doctor's care but will be back on the job before too long.

HE REMEMBERED

Emerson Ferrell bought the Mrs. a new automatic washing machine for an anniversary present. What could please a wife more than something to cut down on her housework? Lucky gal!

TO CLEAR LAKE

Lyle Lloyd of the 26-inch mill visited his dad at Clear Lake last week-end.

NEWLYWEDS

Vic "Tiny" Fraccolli went to Reno the past week and exchanged marriage vows with a fair lady, Angela Grosso. He also purchased a new car as a wedding present. Lots of luck to them both.

BREAKS GROUND

Joe Hudson is planning his regular spring garden. He was seen supervising the ground breaking ceremonies the other day. Wonder what he's planting, grapes or rye? (Just kidding, Joe.)

Also Joe went fishing at Half Moon Bay Sunday and caught some nice capozonia (whatever they are).

COSTLY EXCURSION

Al Thomson and Dick Pickering, along with Bill Pursinger (one of our boys on leave from the armed forces), went fishing last week. They had pretty fair luck except that Bill lost a new Stetson hat. It's rumored that he also had some money inside the hat band. Better luck next time, Bill.

NEW AUTOS

People sporting new cars are Orvil Haynes and Charles Meyer. Incidentally Charlie has a new son-in-law also.

SOIL TILLER

Al Nunn bought a new ranch over in the Tennyson district. Thinks he's quite a farmer.

ON SICK LIST

Those off sick are Murel Spence of the 26-inch mill, and Joe Pires, our janitor. At home with a broken foot is Joe Svaboda of the 16-inch mill. Joe Clark broke his finger changing a tire and is off for awhile.

BLISTERED

Charley Gilliland has been seen reducing at the expense of blisters on his hands, received while spading the back yard for a new lawn. We think Charley should have a lawn party. "Refreshments" would be cheaper than the blisters.

UGH!

John Cease, "Moose" Von Siedlitz and Lou Manuel went clamming Saturday. Their luck must have been good, according to "Moose's" lunch Monday morning.

RETURNS TO WORK

Johnnie Feliciano is back to work after time off with an injured back.

NEW STEWARD

Al Wentworth took over as shop steward for the Operating Engineers. They say a shop steward is "all same chaplain." Good luck, Al.

ATTEND SAFETY MEETING

Julia Wauhab, our very capable nurse, and Joe Campbell of the roll shop attended the Industrial Safety Society dinner meeting last Thursday night.

HOME ON LEAVE

Sgt. Norberto Alvarey Jr. of the Marine Corps, son of Norberto Sr. of the roll shop, home on leave, reports for reassignment on the 24th, after serving almost a year in Korea and acquiring a Purple Heart award.

NOW AN M. P.

Harry Woods of the machine shop tells us his son, Jim, a corporal in the Marines, is now attached to the M. P. Battalion at Camp Pendleton, Calif. We venture to say he's probably the youngest corproal in the Corps. (Don't ask us, we can't tell.)

BACK IN OPERATION

Plant Manager "Bud" Thomas tells us that the electric furnace will resume operations very soon.

Summer in the bay area is cooler than fall.

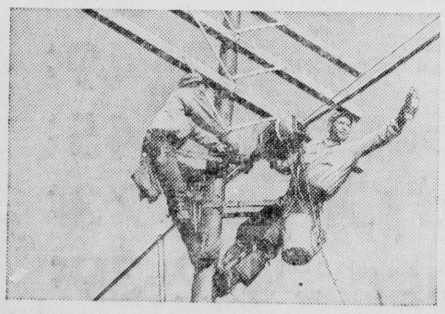
Telephone service is always homemade, in and for each community we serve. Here a cable goes into service.

MORE HOME-TOWN SERVICE FOR WEST'S HOME TOWNS
We're putting many millions more into telephone facilities this year

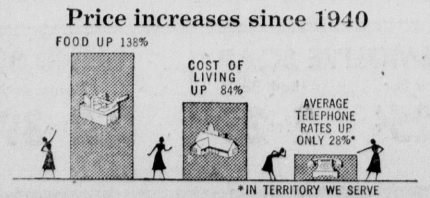


1. All across the West, in the country and in the cities, telephone people are still hard at it expanding and improving the telephone system. For our population continues to grow. The demand for new telephone service goes right on... in spite of our having doubled the number of telephones in use in the past ten years. And doubling the amount of money invested in the telephone business in just five years.

2. New facilities, installed in just the past five years have increased our plant $660,000,000, the largest expansion program ever executed by any public utility operating company. Again in 1951, we'll put many millions of investors' money into the West. Much of the material we will use will be purchased in the West's towns and cities. Certainly most of them will benefit from the program's jobs and payrolls.

3. It's taken a tremendous investment to build to serve the million and a half new telephones we've added since 1945. And, building as we have in the face of inflated costs, the equipment to serve a new telephone has averaged about $400. Before 1940, the average was about $250. Yet rates are up far less than our costs of providing service...on the average less than half as much as the cost of living. Your telephone is one of your budget's best friends.

Price increases since 1940



Your telephone is one of today's best bargains

The FARMERS CORNER

by Ralph H. Taylor
Executive Secretary Agricultural Council of California

AGRICULTURE HIGH ON LEGISLATIVE LIST

In the field of agricultural legislation, almost every conceivable subject is covered by one or more legislative proposals.

Agricultural research, county fairs, the Department of Agriculture, marketing orders, dealers and processors, milk marketing, oleomargarine, fruits, nuts, vegetables, field crops. nurseries, pest and disease control, fertilizer, livestock, poultry, canning, storage, freezing, rain-making, flood control, conservation, fish and game—all are under discussion by the Legisature.

As can be seen from the scope of the subjects, the manner in which the Legislature deals with the agricultural matters before it is every bit as important to urban dwellers as to farmers.

FARM PRODUCTION COUNCIL

One of the most important measures is Senate Bill 1193. Purpose of this proposal is to create the California Farm Production Council to provide for the recruitment, placement, transportation, housing and sustenance of farm labor and necessary facilities; to assist in obtaining sufficient materials for the manufacture and repair of necessary farm machinery and equipment; to assist in making labor available to any primary processor—when necessary and expedient—and to establish student harvest camps. The aim is to achieve the maximum production of food and fiber.

This act, the California Food and Fiber Production Act of 1951, is based on the Food and Fiber Production Act of the last war. The Farm Production Council which operated under that act returned over two million dollars to the state treasury when it voluntarily closed its operations—a situation unheard of before!

Designed to keep agriculture abreast of the modern age, Senate Bill 1244 would appropriate funds to the University of California for research relating to the effects of atomic warfare on livestock and agriculture.

COUNTY FAIRS

Numerous bills have been introduced dealing with county fairs. Many other bills have been introduced dealing with the subject of license fees for conducting horse-racing meetings not payable into the Fair and Exposition Fund.

Various measures would amend the oleomargarine laws. One would require labeling to indicate the ingredients in colored oleo. Another would permit state institutions to purchase and use oleomargarine.

Water rights, rain-making, flood control, conservation—all are the subject of much proposed legislation with an important bearing on the future of California agriculture. Assembly Bill 105, for instance, would appropriate $5,000,000 for the State Water Project Development Fund, money from which could be loaned to cities, counties, districts, and other public agencies for projects for water storage, production of any incidental power therefrom, disposal of surplus water or power, flood control, and prevention of water pollution. S. B. 36 would provide for a $400,000,000 bond issue for this same purpose.

California receives its greatest bounty from agriculture. By the number of measures introduced in Sacramento affecting the state's farmers, it is plain that the Legislature is well aware of the Golden State's take in farm products.

NEW CASES OF MEASLES

Six new cases of measles were reported in Washington Township this week by Dr. James C. Malcolm, county health officer. The new cases brings to 719 the number of cases reported in Southern Alameda County since the beginning of the year.

HUSKIES BOOST LEAGUE STANDING

The Washington baseball club booster its S.C.V.A.L. standing to .500 with two wins and two losses last Thursday by downing Santa Clara 6 to 4.

Coach Hird's lads opened the fray with three runs in the first inning but Santa Clara knotted the score in the second frame, and went ahead 4 to 3 in the third inning. The Washington lads tied up the ball game again in the 4th and pushed two runs across in the sixth for the victory.

Vargas started on the mound for Washington and was relieved by Castro in the third after giving up six hits. Castro allowed five hits during the remainder of the game.

Teague led his club at the plate, getting two hits for four trips to the plate.

Plagued by their consistent inability to hit safely, the Huskies edged out a 6 to 5 win over Lincoln on Tuesday.

The Washington lads continued to play errorless defensive ball, which provided the margin of victory. Vargas allowed seven hits to the Lincolnites but had a perfect day at the plate, getting three hits for three official times at bat.

The Huskies were scheduled to be hosts to Campbell on the home field yesterday afternoon in a S.C. V.A.L. clash.

EVEN A RAT MUST GET IT'S REWARD

A theory dating back at least as far as the Greek philosopher Epicurus in 300 B.C. has cropped up to perplex today's scientists.

Is a reward or some sort of satisfaction necessary in order for a human or animal to learn things?

Epicurus philosophized that some sort of reward was necessary, and recent experiments with rats by Dr. Irving Maltzman on the Los Angeles campus of the University of California uphold his theory.

Dr. Maltzman, instructor in psychology, has subjected a group of rats to study in a "T" maze and demonstrated that when completely satiated with food and water, the rats will not learn the location of more food and water.

"Of course, humans work more efficiently when they like their work or there is some promise of reward," said Dr. Maltzman.

"The present experiment seems to demonstrate that this attitude extends to animals, who would not learn the presence of food when they did not need the food for a reward or satisfaction."

BOXING CARNIVAL SET FOR MAY 11

The date of the annual Boxing Carnival at Washington Union High School was announced this week as Friday, May 11.

The show, which annually plays to a packed house, will get under way at 8 p.m. and will feature ten three-round bouts in all weights.

The coaching staff at the school, Irving Hird, Jud Taylor, Clyde Voorhees and Don Wolfe, is conducting tryouts of ring hopefuls this week and next week.

There will be no reserve tickets for the show and admission will be 60c and 25c.

CENTERVILLE GIRL SCOUTS GET AWARDS

Centerville Girl Scout Troop No. 66 held its Spring Court of Awards on Friday evening at the Centerville Elementary School auditorium.

The salute to the colors was conducted by Scout Eileen Pierce. The welcome and introductions were conducted by Troop Leader Mrs. J. V. Orsetti.

The eleven fields in Scouting were narrated by Scouts Ruthie Linder, Jeanne Hindmarsh, Patty Bettencourt, Billye Leah Silva, Karen Kralovansky, Margaret Cochero, Cynthia Goodwin, Norma Orsetti, Katherine Sweeney, Catherine Accinelli and Loretta Valles.

Musical selections were played by Patty Bettencourt and Jeanne Hinmarsh.

An investiture ceremony was conducted by Leaders Mrs. J. V. Orsetti and Mrs. George Valles for Irene Arias, Joanne Accinelli and Carol Mitterling.

Tenderfoot Girl Scouts receiving second class rank were Cynthia Goodwin, Bonita King, Ruthie Linder and Katherine Sweeney.

The First Class rank was awarded Evelyn Bettencourt and Mary Maloney.

All 25 Girl Scouts were awarded numerous proficiency badges.

Refreshments were served in the school cafeteria.

NEWARK P.T.A. TO GIVE CARD PARTY

The executive board of the Newark P.T.A. unit will meet at the school next Tuesday afternoon, April 24, at 2:30.

Tickets are now on sale for the P.T.A. card party to be held in the school auditorium on Friday night, April 27, at 8 o'clock. They can be purchased from students or at the door. An award of $2.50 will be given to the student selling the greatest number of tickets, and a free ticket will be given to those who sell five.

CINDERMEN SPLIT SCVAL MEET WITH GILROY SQUADS

The four track and field squads of Washington High School journeyed to Gilroy last Friday for an S.C.V.A.L. clash and split the meet with the A and B squads winning and the C and D squads going down in defeat.

Coach Jud Taylor's varsity far outdistanced their opposition by building up a grand total of 71 2/3 points against Gilroy's 46 1/3.

First-place winners in the varsity competition were: Robertson, 880-yd. run; Lane, 440-yd. dash; Balteirra, mile run; Bechtold, pole vault; Wood, high jump; Evans, broad jump; Funk, shotput and discus, and the half mile relay team.

The varsity squad also grabbed seven second and six third places.

The B squad won 72 to 41 with first-place awards going to Orocchi, 220-yd. dash; Maria, 120-yd. high hurdles; Amaral, 440-yard dash; F. Martinez, high jump; J. Martinez, hop-step and broad-jump; Chan, 180-yd. low hurdles, and the half-mile relay team. The squad also won eight seconds and six thirds.

The C squad lost 44 to 51, with first place awards going to Luiz in the 50-yard dash; Richmond in the 100-yd. wash and the discus; McElroy, 120-yd. low hurdles and the hop-step, and the relay team. The squad added three second awards and four third-place ribbons.

The D squad suffered the worst defeat of the day, bowing 35 to 51. First-place winners were Lopez, hop-step; Anchundo, discus and 120-yd. low hurdles, and Mendoza, shotput. The squad also won five seconds and one third-place award.

Today (Friday) the trackmen will be hosts to the Los Gatos squads in a conference meet at Memorial Stadium at 3 p.m.

BOY SCOUTS PLAN ANNUAL CAMPOREE

Final plans for the Southern District Boy Scout Camporee were laid at a meeting of the Camporee committee last Thursday evening, according to Fred Duffie, general chairman.

The big event will be held at Los Mochos Scout Ranch over the week-end of June 1, 2 and 3. All Boy Scout Troops in the district are expected to participate in the event designed to demonstrate that scout camping is fun.

Among those named to assist in preparations were Kenneth Sage, participation; Phil Sousa, publicity; Gus Robertson, recorder; and Wallace Pond, committeeman.

CENTERVILLE P.T.A. TO MEET TUESDAY

Mrs. M. D. "Nick" Lewis, president of the Centerville Elementary School P.T.A., has invited all parents and their friends to attend the meeting to be held in the school auditorium Tuesday at 2:30 p.m.

Inasmuch as the week of April 23-27 will be Public Schools Week, parents and their friends will have an opportunity to visit the classrooms where displays of children's work will be on exhibit.

A program will be presented by the school orchestra, choral group, and folk dance classes.

BEARCATS TO OPEN SEASON SUNDAY

Washington Township's only semi-pro baseball club, the Bearcats of Centerville, will open their season on the home field at the high school Sunday against a Redwood City club, according to Frank Mayer, Irvington, manager.

The club, playing under the sponsorship of Joe Dutra, owner of the Bearcat Club in Centerville, is virtually the same team that in past years has worn the uniforms of the Irvington Merchants.

Expected to see action Sunday are: Bud Marshall, Harold Faria and George Sweeney, outfielders; Stan Roderick, 1b; Ed Rose, 2b; Joe Dutra, 3b; Hayden Freitas, ss; Tony Rivers, catcher; Clarence Soito, catcher; Tony Dutra, pitcher; Wandell Mosser, pitcher, and Vernon Vargas, utility.

FROSH-SOPH BALL CLUB

The Frosh-Soph baseball club of Washington High, playing its first season in the S.C.V.A.L., has a .500 percentage with one loss and one win thus far this season.

Coach Don Wolfe's youngsters dumped Lick High of San Jose in their opening game, 5 to 4, but lost an extra-inning game to Santa Clara, 10 to 7, last week.

SPORTSMEN'S SHOOT SET FOR SUNDAY

Sharpshooters of the area are expected to vie for honors here on Sunday at the Spring Shoot sponsored by the Niles Sportsmen's Club.

The all-day shoot, from 9 a.m. to 5 p.m., will be held at the club's shooting range on the Niles-Mission San Jose Highway.

In addition to the regular events the club will stage the popular running deer target shoot. Games will also be provided for women and children. Refreshments will be available at the range.

GARNISHES ARE GAY FOR SPRING MEALS

by the
General Electric Consumers Institute

One way to give a springtime lift to run-of-the-mill family dinners is to make colorful vegetable garnishes in the shape of the year's first flowers.

All you have to do is cut flower design patterns from a thin piece of cardboard. Then place the pattern on a vegetable slice and cut around it with a short, sharp knife held perpendicularly.

Just remember that it's easier to make garnishes when the vegetables are at room temperature; but once they're cut to size and shape, they should be crisped by chilling them in the refrigerator.

Onion Chrysanthemums

Tested in the G-E Consumers Institute

Choose onions in desirable shapes and sizes. Peel off only the thin outside skin (remove as little as possible from the base). Cut thin slice from top so surface is flat. Starting at one side of onion, make cuts ⅛ inch apart and about half way through onion from top to bottom. Make a second set of cuts at right angles to first cuts, the same distance apart and the same distance through the onion. Invert onion in a large bowl and cover it with water. Add food coloring to water and blend thoroughly. Place in refrigerator overnight, if possible, so onion will absorb color and flower petals can open. When ready to use, remove onion from water and drain thoroughly.

Turnip Flowers

Tested in the G-E Consumers Institute

Cut a ¼-inch-thick crosswise slice out of a peeled white turnip. Outline 5 or 6 flower petals on it with a knife, and cut out flower with knife or scissors. Cut oval-shaped hole in center of slice and insert long thin carrot stick to make both stem and center of flower. With sharp knife make small lengthwise slits in top of carrot stick to form fancy flower center. Place in ice water for crisping.

Rutabaga Jonquils

Tested in the G-E Consumers Institute

Cut a ¼-inch-thick crosswise slice of peeled rutabaga. Outline 4 flower petals on it with a knife, making sure the center edge of the petals is not more than ⅓ of diameter of slice away from edge. Cut petals with sharp knife or scissors. Cut 2-inch length off a small carrot and then cut a hole in center of rutabaga slice just larger than circumference of carrot. This center hole may be cut with a fancy cookie cutter. Scoop one end of piece of carrot slightly in the center and make a ragged edge to resemble calyx of jonquil flower. Insert carrot through hole in rutabaga slice, so it extends about ½ inch on under side of slice.

DOWNWARD TREND IN FARM LAND VALUES STOPPED

Diet improvements and population growth tend to reduce fears of a drastic decline in California farm land values and commodity prices—a decline which has already threatened but has been temporarily deferred by the international emergency.

This was the conclusion of David Weeks, professor of agricultural economics, University of California College of Agriculture, in an appraisal of the economic position of California agriculture.

Improvements in diet have increased the percentage of food energy derived from livestock, livestock products, fruits and vegetables. This trend ultimately requires more acreage for pasture and cropland.

Demand for farm products and real estate is similarly influenced by expansion of population. California's population has increased 53 per cent in the last ten years and the trend is continuing.

A negative factor affecting demand for land, however, is the improvement of methods and technology, which tends to increase production without additional acreage.

California farm land values reached a peak in 1947, 102 per cent above pre-World War II values, but in the same year turned downward after reverses in orchard and vineyard incomes.

The deflationary trend continued until March, 1950, when it was nearly 20 per cent below the 1947 peak. But new demands, accompanying mobilization, foreign aid, and increased purchasing power, reversed the trend. By November, 1950, values had increased nearly 6 per cent and were back to a point 74 per cent above the 1935-39 average.

Similarly during 1950 the trend of commodity prices experienced a general shifting in movement from downward to upward.

The city of Fresno was established in 1872.

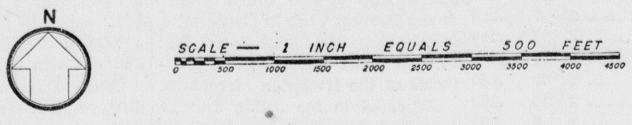
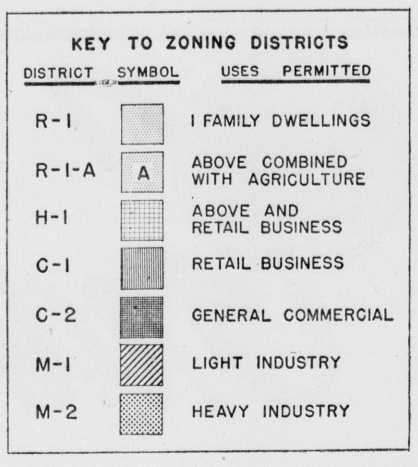
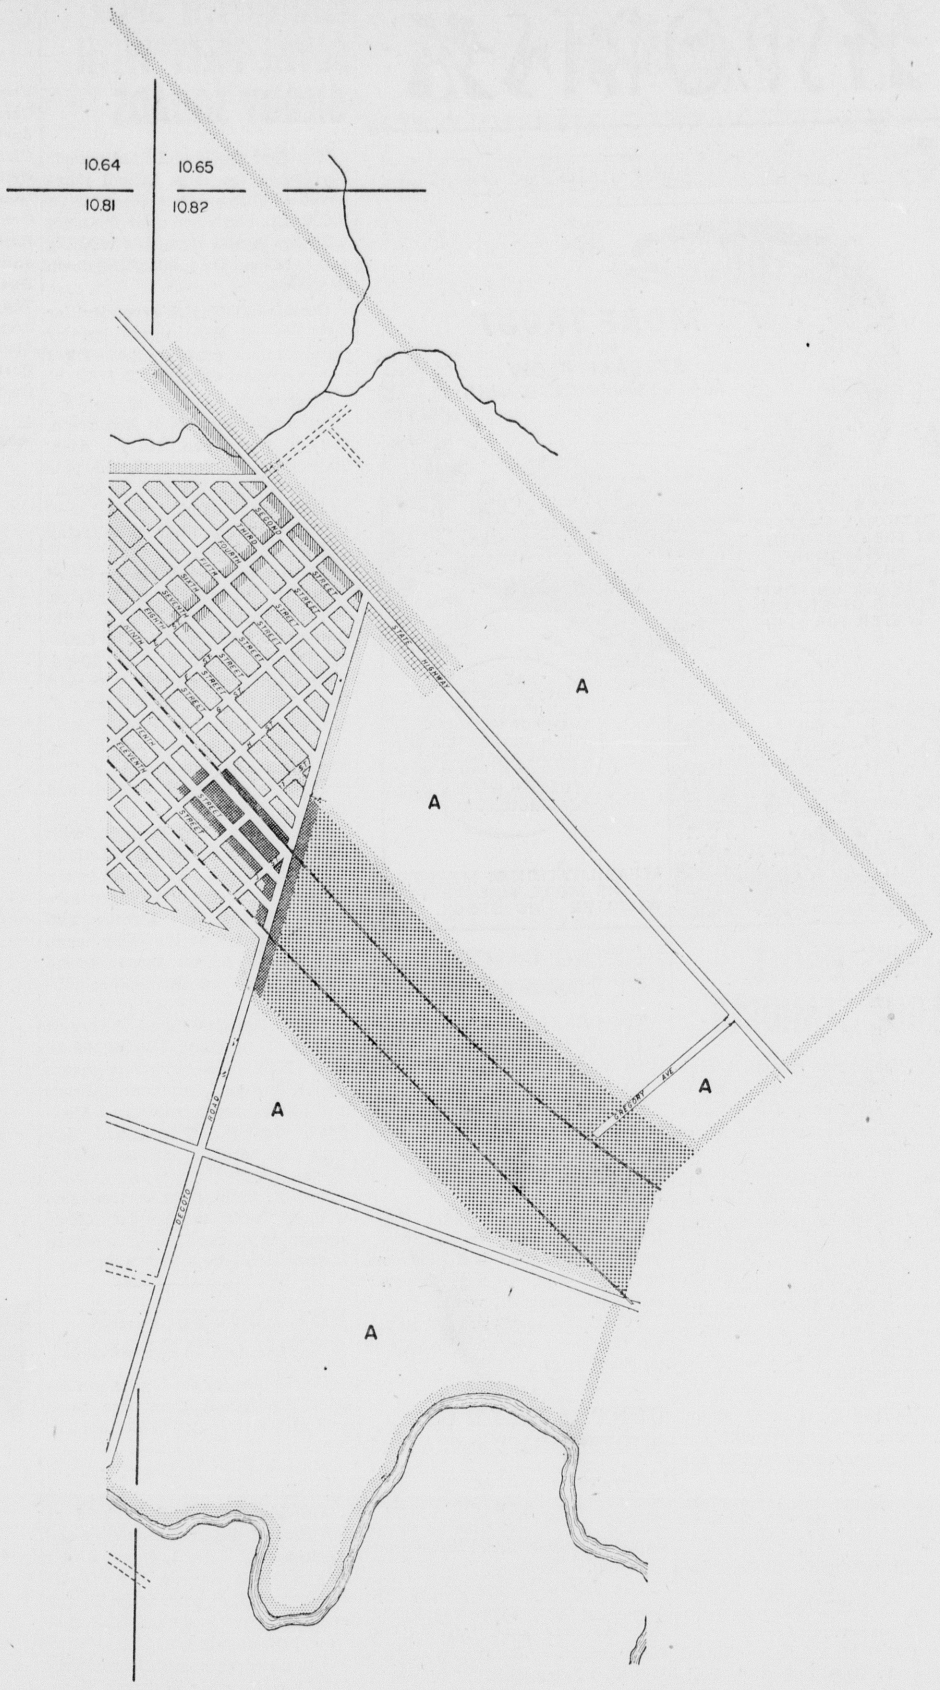
AMENDING SECTION 10.82







We hereby certify that the County Planning Commission of Alameda County did, on the 13th day of March, 1951, adopt by resolution the SECTIONAL DISTRICT MAP OF THE THIRTEENTH UNIT OF THE ZONING PLAN COUNTY OF ALAMEDA STATE OF CALIFORNIA AMENDING SECTION 10.82.

R. V. Wright, Chairman — John Jay Thomas, Secretary

We hereby certify that the Board of Supervisors of the County of Alameda, State of California, did on the 6th day of April, 1951 adopt the SECTIONAL DISTRICT MAP OF THE THIRTEENTH UNIT OF THE ZONING PLAN COUNTY OF ALAMEDA STATE OF CALIFORNIA AMENDING SECTION 10.82 as part of ORDINANCE NO. 420 of said County of Alameda.

Harry Bartell, Chairman — John Joseph Kingston, County Clerk and Ex-Officio Clerk of the Board of Supervisors of Alameda County.

ORDINANCE NO. 558

AN ORDINANCE AMENDING ORDINANCE NO. 420 OF THE COUNTY OF ALAMEDA, ENTITLED "AN ORDINANCE OF THE COUNTY OF ALAMEDA, STATE OF CALIFORNIA, ADOPTING A ZONING PLAN, BEING PRECISED SECTION OF THE LAND USE PLAN UNIT OF THE MASTER PLAN AND AN OFFICIAL PLAN OF SAID COUNTY; SPECIFYING THE PURPOSES AND THE EFFECTS OF THE ADOPTION OF SAID PLAN WHEREBY VARIOUS DISTRICTS ARE ESTABLISHED IN SAID COUNTY; SPECIFYING THE USES OF LAND AND OF BUILDINGS PERMITTED IN SAID DISTRICTS; ESTABLISHING CERTAIN HEIGHT LIMITS WITHIN SAID DISTRICTS; REQUIRING CERTAIN YARDS AND OTHER OPEN SPACES WITHIN SAID DISTRICTS; PRESCRIBING REGULATIONS FOR THE ERECTION, CONSTRUCTION, ALTERATION AND MAINTENANCE OF BUILDINGS, STRUCTURES, AND OTHER IMPROVEMENTS IN SAID DISTRICTS, INCLUDING THE REQUIREMENT THAT CERTAIN PERMITS SHALL BE SECURED FOR CERTAIN OF SUCH BUILDINGS, STRUCTURES AND IMPROVEMENTS, AND FOR THE USE THEREOF AND OF LAND; DEFINING THE TERMS USED HEREIN; SPECIFYING THE PROCEDURE FOR THE AMENDMENT HEREOF; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITH; AND PRESCRIBING PENALTIES FOR THE VIOLATION OF ANY OF THE PROVISIONS HEREOF."

The Board of Supervisors of the County of Alameda, State of California, do ordain as follows:

SECTION I.

Section 10.82 of Ordinance No. 420 which is now shown as a portion of a map entitled "Zoning Plan Sectional Districts Map of the First Unit of the Zoning Plan, County of Alameda, State of California" is hereby amended to consist of a map entitled "Zoning Plan Sectional Districts Map of the Thirteenth Unit of the Zoning Plan, County of Alameda, State of California" which map is hereby incorporated herein by reference and made a part of this Ordinance.

SECTION II.

This Ordinance shall take effect and be in force thirty (30) days from and after its passage and before the expiration of fifteen (15) days after its passage this Ordinance shall be published once with the names of the members voting for and against the same in the "TOWNSHIP REGISTER," Niles, California, a newspaper published in said County of Alameda.

ADOPTED by the Board of Supervisors of the County of Alameda, State of California, on the 10th day of April, 1951, by the following vote:

AYES: Supervisors, Caldecott, Janssen, Stanley, Wixson and Chairman Bartell—5

NOES: Supervisors NONE

ABSENT: Supervisors NONE

HARRY BARTELL
Chairman of the Board of Supervisors of the County of Alameda, State of California

ATTEST:
JOHN JOSEPH KINGSTON
County Clerk and ex officio Clerk of the Board of Supervisors of the County of Alameda, State of California. A20

YOUR INDIVIDUAL TAX BILL IS $686

Alameda County's share of the proposed $1,016,000,000 budget for the state of California is $53,691,423—or $73.37 per capita for each of the 731,800 people in the county, California Taxpayers' Association said this week.

This is only one part of the total tax bill which the people of the county will be required to pay this coming year, the Taxpayers' Association pointed out.

Federal taxes to finance the $71.6 billion budget now before congress will average about $543 per capita for Californians—a burden of $5.8 billion on the people of this state.

In addition, if local property taxes in the county stay at their 1950-51 level of $50,935,616, they will average $69.60 per capita in the county.

This means a possible tax bill for each person in the county of about $686 for this coming year—put into effect.

A SPECIAL DATE!

Look and mark down this special date — May 18th. It is the day of the whist party to be sponsored by Decoto Chamber of Commerce and the Decoto P. T. A. The benefits derived will go to the Boy Scouts and the Girl Scouts here. The whist party will begin at 8 p.m. at the Decoto Elementary School. Admission is 50c. The tickets are compliments of the Arthur C. Day Implement Company, located at the intersection of Decoto and Centerville Roads. The card tables will be donated by the Centerville Sportsmen's Club. Did you mark down the date?

EARLY CAMPAIGNING

There's some early campaigning for school trustee as Kenney Garcia has his car decorated with some fancy publicity. That election also comes on May 18.

HOME FROM HONEYMOON

Mr. and Mrs. John Garcia, the happy couple married on April 8 in Sunnyvale, returned home last week-end after a brief honeymoon in Southern California and as far south as Tia Juana, Mexico.

TO IOWA

Santos and Peggy Casio left Saturday for Iowa because of sickness in her family. On their way east they stopped in to see his mother in King City and found, to their disappointment, that she also was very ill.

HEADING FOR A WEDDING

Another pair altar-bound are Thomas Geer of Chewelah, Washington, and Elaine Renaldi from here, who were issued a marriage license this week.

WELCOME!

A welcome to P. C. Marveson, formerly of Oakland, who is operating a second-hand store at the former Mercury Radio and Electric Store.

HOME ON LEAVE

Corporal Ernest P. Orozco has been home on leave since his arrival aboard the U.S.S. General A. E. Anderson last week. Aboard also were 600 wounded Marines and 54 wounded Navy Hospital corpsmen. They arrived from Korea at San Francisco. The convalescent fighting men are the third group to be returned from Korea under the rotation program. They were given 30-day leaves before returning to hospitals for further treatment. Ernie is residing now with his uncle, Ray Orozco. He is a graduate of the local schools.

BIRTHDAY FETED

Mr. and Mrs. Frank Guerra were hosts at a party honoring their daughter, Pat, last Saturday night when she celebrated her 18th birthday, which fell on Wednesday, April 11. She was the recipient of many lovely gifts, and was also presented with a cake baked by her aunt, Mrs. Isabel Delgado, and also with another lovely cake brought by Mrs. Rita Perry.

Present were: Mr. and Mrs. J. Delgado, grandparents; Mr. and Mrs. Costa Delgado and son Jerry, Mr. and Mrs. Chris Guerra and son Jackie, Mr. and Mrs. Floyd Garcia, Mr. and Mrs. Donald Bragg and children, Mrs. Rita Perry, Joseph and Johnnie of Alviso, and Mr. and Mrs. Lewis Manuel and sons, Phillip and Kenny of Niles.

PAPER DRIVE

Lester Mederos, Scoutmaster for the Boy Scouts, announces a paper drive for Saturday, April 28. Collected also will be magazines, newspapers and aluminum. Please leave these articles outside where the Scouts can see them, especially if you don't intend to be home. Let's dig out every scrap of paper we can. After all, it's for a good cause.

PINOCHLE CLUB

The Pinochle Club held its regular meeting last Saturday evening at the home of Mr. and Mrs. A. L. Costa. A pot luck with turkey as an entree was served. Sixteen hands of cards were played with Don Morgan in first place, Mrs. L. Watkins second and Florence Wallace low.

Attending were Mr. and Mrs. Lester Watkins, Mr. and Mrs. Don Morgan of San Lorenzo, Mr. and Mrs. John Mara of Canyon Heights, Mrs. Florence Wallace and the host and hostess. The next meeting will be held at the home of the John Maras.

"OPEN HOUSE'

Dr. Morgan F. Lee is holding open house this Sunday, April 22, from 1 to 4 p.m., for his patients and their friends who are all cordially invited to inspect the new building on Third and E Streets. The plant is a concrete block building with Spanish tile and consists of two treatment rooms, two minor surgeries, one x-ray and dark room, one room for office secretary, one private consultation room, one two-bed ward, one large reception room and one suite office for a dentist. Dr. Lee lives with his wife, Ruth, and two daughters, Raryll, 8, and Margie, 6, at 409 Third Street, Decoto.

He is a member of the American Osteopathic Association, the California Osteopathic Association, the Alameda County Osteopathic Association, and the Decoto Chamber of Commerce. He is on the staff of the Civic Center Hospital in Oakland.

NEW P.T.A. PRESIDENT

Last Wednesday, April 11, the Decoto P.T.A. elected Mrs. John Navas for president for the coming year. Officers who will serve with Mrs. Navas are: Mrs. Joe Seoane, first vice-president; Mr. L. W. Musick, second vice-president; Mrs. H. Strauel, secretary; Mrs. B. R. Joseph, treasurer; Mrs. Joe Andrade, historian; Mrs. Harold Wallace, auditor; Mrs. Antone Costa and Mrs. Frank Mateo, delegates; Mrs. James Hicks and Mrs. L. W. Musick, alternates; and Mrs. Elmer Peixotto, parliamentarian. Installation of officers will be held in May. Speaker of the day was Mr. Jack Lee, one of the faculty, who spoke on New Orleans.

NEWARK CUBS WILL HEAR RAILROAD MAN

Paul Cottingham, railroad man of Newark, will appear as guest speaker at the Newark Cub Scout meeting tonight (Friday) at the Youth Center. Inasmuch as his talk will deal with lantern signals and whistles, he is almost assured of an eager and attentive audience, for was there ever a small boy who didn't feel the lure of a railroad whistle?

Because the Cubs' fathers—and mothers—will also doubtless find Mr. Cottingham's discussion a fascinating one, they, too, are invited to attend. As a special attraction, Mr. Cottingham will have as his guest the engineer on Engine No. 1175.

This special program for the Cubs is in commemoration of Railroad Month.

In addition to the talk by Mr. Cottingham, movies will also be shown as part of the entertainment. The night has been designated as "award night."

COURSE AT IRVINGTON

A basic Cub Leader Training Course opens next Monday, April 23, at Irvington Elementary School, George Scamman, Irvington neighborhood commissioner, has announced. The course is primarily designed to serve Cub leaders in Washington Township. All Cub leaders, including men and women, are urged to attend. The course will continue on Monday and Wednesday evenings for three weeks.

Shower Honors Mrs. Ben Mozzetti

Mrs. Ben Mozzetti (Laura Lee Zwissig) was the guest of honor at a stork shower given last night by Mrs. Irma Moise of Santa Cruz, and Mrs. Norma Abbott of Hayward. The party was held at the home of Mrs. Ida Moise of Niles.

The mother-to-be received a handsome play-pen with the accessories as an expression of good wishes from her friends and relatives who attended the shower.

Included in the guest list were her mother, Mrs. Doris Zwissig, and Mmes. Phyllis Zwissig, Gertrude Duarte, Kathy Mozzetti, Flora Silva, Theresa Salvadorini, Gloria Wilkinson, Laura Estudillo, Mrs. E. D. Bristow, Mrs. Joe Viveiros, Mrs. Edward Silva, Mary Virginia Bristow, Harriet Dias, and Mrs. Virgil Young Jr. and Mrs. Isola Dyer.

Attend Wedding

Dr. and Mrs. J. H. Durham of Irvington, and their daughter and son-in-law, Mr. and Mrs. Kenneth Foster of Newark, motored up to Berkeley last Saturday to the Presbyterian Church to attend the wedding of Mary Anne Ingram, a grand-niece of Mrs. Durham, and Mr. Laverne Kimball.

The bride is the daughter of the late Mr. and Mrs. H. C. Ingram, who will be remembered in Irvington as former associates of the Washington College and Curtner Seminary.

Localites to Attend Redding Conference

Niles Rotarians and their wives who plan on going to Redding this week-end to attend the annual Rotary spring conference include Mr. and Mrs. Clifford Dennis, Dr. and Mrs. W. F. Lamoreux, Dr. and Mrs. Tom Wilson, Mr. and Mrs. Peter Juhl, George Smith and Vernon Ellsworth.

Leaves for Texas

Bernard Day, former Newark boy, left for Texas this week with his company from Fort Ord. His wife, the former Barbara Neighbors, will now live in San Francisco with her mother-in-law, Mrs. Jewel Day.

Niles Couple Leave for Europe

Mr. and Mrs. Jean Van Ophem of Niles left Tuesday by car for a cross-country jaunt to New York, and from there will leave by boat for Europe, to be gone over a month. They will spend most of their time in Belgium, visiting relatives of Mr. Van Ophem's, but will manage to spend some time in Paris also. Trans-Atlantic voyages are no novelty for the Van Ophems, as they have both been across many times.

While in Niles they were staying at the home of Mrs. Van Ophem's aunt, Mrs. Laura Whipple.

Wild-Flower Tour

Mr. and Mrs. Frank Fields of Niles, accompanied by his brother and wife, Mr. and Mrs. Joaquin Fields of San Jose, "explored" the country up around Mt. Hamilton last Sunday on a motor trip and reported that it is beautiful wild-flower country. "The flowers were unusual," said Mrs. Fields, "much different than those we see in this area." They made the circle tour from San Jose, to Mt. Hamilton, to Livermore, and thence back to Niles.

Newark Woman In Accident

Mrs. Ray Auchard of Newark is eliciting the sympathy of friends this week by appearing with her leg in a cast. She suffered an accident that resulted in two broken toes. Although she underwent severe pain at the time of the accident, she insists that she is fairly comfortable now and is all ready for the move to the new Auchard service station, on Mulberry and Thornton, a week from Saturday.

Bridge Club and TV

Mrs. Michael Cimino of Newark entertained the members of her bridge club last Tuesday evening. Before getting down to card playing, however, the guests enjoyed the TV showing of the arrival of General MacArthur. Those present included Mmes. William Dutra, Jud Taylor, Paul Gygax, Vernon Brown, Vincent Kaehler, Clark Redeker and Lester Mann.

Confirmation Dinner

A family get-together dinner, following confirmation of their two daughters, Wanda Rae and Deanna, will be given by Mr. and Mrs. Ed O'Mara at their Newark home Saturday night. The two girls will be confirmed in Niles Saturday afternoon. Their guests will be Mr. O'Mara's two brothers, John and Joe, and their wives and families.

SHIRLEY KRAFT SETS DATE FOR ALTAR TREK WITH HECTOR CARABALLO

Shirley Kraft, daughter of Mr. and Mrs. Arthur Kraft of Irvington, has set the date for her trip to the altar with Hector Caraballo. The couple will be married on May 20 at St. Joseph's Church in Mission San Jose, at a two o'clock ceremony.

The bride-elect, a graduate of Washington High School, has been employed in the office of Kraftile for the past five years. She plans to continue with her position there.

Mr. Caraballo, a graduate of San Leandro High School and also of the University of California, is presently employed in Oakland.

The couple will make their home in Niles in one of the recently-completed Hollenbeck apartments.

Charlotte Lewis will be Shirley's maid of honor, and John Way of Pacific Grove will be the best man.

They are planning a reception at the Country Club.

MRS. LLOYD TRUMAN TO REVIEW ADVENTURE STORY NEXT WEDNESDAY

"Kon Tiki," a story of adventure, will be reviewed by Mrs. Lloyd Truman of Oakland next Wednesday evening, April 25, before Country Club members, their husbands, and friends, at the Country Club. The review is being sponsored by the Arts Appreciation Section of the Club. Mrs. Dora Scudder, Mrs. Truman's mother, is chairman of the section.

The author of the book, Thor Heyerdohl, has an exciting story of adventure to relate. It will be even more exciting as portrayed by Mrs. Truman, a skilled book-reviewer whose vivid interpretation of any book brings to light many interesting little sidelights that the reader might ordinarily miss.

The review starts at 8 o'clock. The price of admission, fifty cents, includes cake and coffee to be served during the evening.

At Reunion

Mr. and Mrs. Clarence Crane and Mrs. Marion Zwissig will motor up to San Francisco Saturday night to attend a reunion party of the recent Globetrotters' Mardi Gras tour to New Orleans. The Cranes and Mrs. Zwissig spent two weeks in the company of the tourists, all of whom became so friendly on the trip that they are anxious to renew the acquaintanceship.

Young Couple Moves to Niles

The newlyweds, Bob and Marilyn Brahmst, are expected to arrive in Niles this week-end from San Luis Obispo to make their home here. They will live in one of the Brahmst apartments and Bob will work for his father, John Brahmst. Bob left college at San Luis Obispo as he expects to enter the service within a couple of months.

Newark Couple Have Visitors from Michigan

Guests last week of Mr. and Mrs. Bill Charnley (Scotty Houston) of Newark were Mr. Charnley's parents, Mr. and Mrs. Ken Charnley of Ypsilanti, Michigan. They spent a week with their son and daughter-in-law, then planed over to Honolulu, just two hours prior to the time when their son, a navigator, left on his regular run to Tokyo. He stopped enroute on the way back to the States and spent a day and a half with his parents in Honolulu. They are expected back here this week-end for a few days before returning to Michigan.

Guests from Visalia

A guest at the William Chivers home this week is Mrs. Chiver's sister-in-law, Mrs. Dave Watkins of Visalia. Mr. Watkins and daughter will be up Friday to take Mrs. Watkins home.

Visitors Here to Attend Recital

A week-end visitor at the home of Mr. and Mrs. Wayne Day of Centerville was Miss Barbara Keugeman, formerly of Irvington, now living in San Diego.

On Thursday of this week other guests arrived at the Day home, Mrs. Day's brother and wife, Mr. and Mrs. M. Campos, and her mother, Mrs. E. Campos, all of Hanford. The visitors are here in order to be present next Sunday at a recital given at the Hayward High School auditorium by Oliver Campos' piano students. Oliver Campos is Mrs. Day's brother.

On Thursday evening Mrs. Harold Garcia entertained at a dinner party at her home on Mt. Vernon Avenue for the Days and their house guests.

From Dayton to Niles

Mr. and Mrs. Lory Cornwall and three children, formerly of Dayton, Ohio,are now living in the Olson place on Nursery Road. Mr. Cornwall is employed by the Southern Pacific, in the Niles division.

When they first arrived here a couple of weeks ago, the Cornwalls made their temporary residence at the home of Mr. and Mrs. Clifford Dennis of Niles. Mrs. Dennis is Mr. Cornwall's mother.

Only One Complaint

"Everything's fine," is the report John Meeker sends back to his parents, Mr. and Mrs. E. D. Meeker of Niles, from his camp at San Diego. He went into the Navy last Thursday. His only complaint—and that's a minor one—is that his feet get tired!

Pinch-Hitting for Mail Carrier

Lloyd Auchard, son of Mr. and Mrs. Ray Auchard of Newark, will be home from the University of California next week on a "spring recess." Lloyd will not be vacationing in the strict sense of the word, however, for he will substitute that week on the Newark rural mail route, pinch-hitting for Ray Rauch, who will take a trip to Washington.

Their Sixth

Their sixth child, a boy, was born to Mr. and Mrs. James McKiernan of Niles last Sunday. The lad, named Thomas Scott, weighed six pounds and 12 ounces at birth.

NEW OFFICERS FOR NECONA THETA RHO

Installation ceremonies for the Necona Theta Rho Girls Club were held at Odd Fellows Hall, Irvington, last night, with Mrs. Edna Hescher going out as advisor and Mrs. Nellie Talley being installed as the new advisor.

Other new officers include: Eunice Borgwardt, president, succeeding Maxine Weissenbacher; Barbara Talley, vice-president; Annette Rebagitati, recording secretary; Jean Hindmarsh, treasurer; and Ginger Mottershaw, financial secretary.

The local club will participate in installation ceremonies at Pleasanton next week.

'RIGOLETTO' COMING TO SAN JOSE SOON

The Pacific Opera Company of Sna Francisco, now in its fourth triumphant season, will take its production of "Rigoletto" to the auditorium, San Jose, on Friday evening, May 4. Arturo Casiglia will conduct an orchestra composed of members of the San Francisco Symphony, with chorus and ballet recruited from the San Francisco Opera Company.

The principals include Kyrill Borissow as Rigoletto, Caesar Curzi as the Duke of Mantua, Sally Preston as Gilda, Emogene Cornwell as Maddalena, and Charles Goodwin as Sparafucile.

The critics and confirmed operagoers have given only high praise to the Pacific Opera Company. Its production of "Las Tosca" two years ago, with Selma Kaye and David Poleri was a memorable event and "Rigoletto" promises to be even more so.

Tickets for the Pacific Opera Company in San Jose are on sale at the Denny-Watrous box office, San Jose auditorium.

GIRL SCOUT RALLY AT IRVINGTON TUESDAY

Washington Township District Adult Girl Scouts are having a Camp Rally at Irvington Grammar School on Tuesday, April 24, at 7:30 p.m.

All girls, parents and leaders are urged to attend. There will be movies, camp songs, and general discussion, with Mrs. Zella Davis, field director from Hayward Area Council. The meeting will last about an hour and a half.

It takes five years and one month to completely paint the Sydney, Australia, Harbor Bridge.

LUNCHEON SLATED FOR R. C. WORKERS

A no-host luncheon at the International Kitchen on May 4, starting at 12 noon, is scheduled for all volunteer Red Cross workers connected with the blood donor program in Washington Township.

The purpose of the get-together is to discuss methods of improving the administration of the program, which has resulted in the donation here of 582 pints of blood since the first procurement day in January.

Mrs. Allan Walton, chairman of the volunteer services, has called the meeting at the request of Mrs. W. L. McWhirter, blood donor chairman. A speaker will explain to the guests the need for more donors, and will discuss means of procuring the donors.

CENTERVILLE MAN RECEIVES NAVY AWARD

Lt. (j.g.) Rudolph Brazil, son of Mr. and Mrs. Manuel Brazil, is home on leave and is receiving the congratulations of friends for a letter of commendation for meritorius award received by his division on the carrier, Valley Forge. The award was made by the Admiral of the Seventh Fleet.

Lt. Brazil, who arrived home Friday from San Diego, will be here until May 9, when he will have to report for duty in Bremerton.

Sidewalk flower stands have brightened San Francisco's streets since the 1880's.

NILES COUPLE SELL AFTER 16 YEARS

Sixteen years ago Frank and Isabel Duarte started a grocery business in Niles. Their business expanded to such an extent that two years ago they moved into the beautiful supermarket on the corner of Second and I Streets. It was a long, arduous, but successful climb for the couple, and this week they are reaping their reward, a much-deserved rest.

They have sold their business to two brothers and their wives, Mr. and Mrs. W. O. Landrum and Mr. and Mrs. James Landrum, who took possession last Monday. The Landrums are not new to the grocery business. They have had a store in Santa Clara for several years, and, in fact, still own it. "We think Niles is a beautiful little town," said Bill Landrum. "We hope to move here as soon as possible. We know we are going to enjoy doing business here."

As for Frank and Isabel — "We're going to take a good long rest," said Isabel. "After that—well—we have no definite plans."

OFFICIAL VISIT OF Y.L.I. DEPUTY APRIL 24

Tuesday evening, April 24, the members of St. Jude's Institute, Y.L.I., Irvington, will entertain Mrs. Viloa Dias of Niles, district deputy, on her official visit to the organization.

The affair will be held at the I.O.O.F. Hall at 8 p.m. with Isabel Vargas as arrangements chairman.

A class of membership candidates will also be initiated at the meeting.

Lompoc originated as California's first successful land colonization project, in 1874.

Missouri leads the nation in making corncob pipes.

COURT OF HONOR IN NILES ON APRIL 25

Boy Scouts from troops in five communities of Washington Township will participate in a Court of Honor to be held Wednesday at 8 p.m. in the auditorium of the Niles Elementary School.

The Scouts of Troop 2, Niles, will be hosts at the meeting. A special invitation has been sent to members of the two new troops, Warm Springs and Troop 1, Niles, to attend.

Troops participating in the ceremony will represent Irvington, Newark, Centerville, Decoto and Niles.

The Court of Honor will be followed by a motion picture on animals and birds of the western states.

The public is invited to attend.

IRVINGTON CHURCH SERVICES ANNOUNCED

A meeting of the members of the board of the Irvington Community Presbyterian Church has been called for 7:30 tonight (Friday) by Cecil Rhoades, student pastor.

Choir practice will be held Saturday at 7:30 p.m.

Sunday services will be held

Sunday services will include Sunday School at 10 a.m., morning worship at 11:15, and the Westminster Fellowship at 4 p.m.

Rare Bishop pines are protected within the reserves of Marin County public parks.
